Human Trafficking Laws

Human Trafficking Defined By Federal Law

- ▶ “Severe Forms” of human trafficking are:
 - (a) sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, **or in which the person induced to perform such an act has not attained 18 years of age**; or
 - (b) the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, **through the use of force, fraud, or coercion** for the purposes of subjection to involuntary servitude, peonage, debt bondage, or slavery.

¹These definitions are from the Trafficking Victims Protection Act (TVPA) of 2000

Human Trafficking Defined by Florida State Statute

- ▣ Chapter 787.06 Human Trafficking
 - The Legislature finds that victims of human trafficking are subjected to force, fraud, or coercion for the purpose of sexual exploitation or forced labor.
 - Engages, or attempts to engage, in human trafficking with the intent or knowledge that the trafficked person will be subjected to forced labor or services; or
 - Benefits financially by receiving anything of value from participation in a venture that has subjected a person to forced labor or services;
 - Commits a felony of the second degree.

Sex Trafficking Defined by Florida State Statute

- ▶ Chapter 796.045 Sex Trafficking
 - ▶ Any person who knowingly recruits, entices, harbors, transports, provides, or obtains by any means a person, knowing that force, fraud, or coercion will be used to cause that person to engage in prostitution, commits the offense of sex trafficking, a felony of the second degree.
 - ▶ A person commits a felony of the first degree, if the offense of sex trafficking is committed against a person who is under the age of 14 or if such offense results in death.

Simply put..

There are three categories of human trafficking victims:

1. Those under 18 involved in commercial sex acts.
2. Those 18+ involved in commercial sex acts through **force, fraud or coercion.**
3. Those forced to perform labor and/or services in conditions of involuntary servitude, peonage, debt bondage or slavery through **force, fraud or coercion.**

Defining Force, Fraud and Coercion

- ▶ **Force:** Rape, beatings, confinement.
- ▶ **Fraud:** Includes false and deceptive offers of employment, marriage, better life.
- ▶ **Coercion:** Threats of serious harm to, or physical restraint of, any person; any scheme, plan or pattern intended to cause victims to believe that failure to perform an act would result in restraint against them; or the abuse or threatened abuse of the legal process.

Human Trafficking

Smuggling VS. Human Trafficking

▣ Smuggling

- An offense against the integrity of the U.S. borders.
- Focus is transporting or harboring an undocumented person.
- Smugglers make their money early and their “business relationship” with the immigrant terminates at the U.S. border.
- Must involve an undocumented migrant.

▣ Human Trafficking

- An offense against a person’s individual rights.
- Focus is coercion and exploitation; no movement required.
- Traffickers may use smuggling debt as a means to control victims.
- Victim can be a citizen, documented migrant, or undocumented migrant.
